This is an “*Opportunity Sale.*” To make room for a large importation from Scotland, Dr. Arthur H. Weiland, owner of Elmcrest Farms, finds it necessary to market a portion of his breeding herd along with a number of choice sons and daughters of the International grand champion Kelburn Banker Royal. Until a decision was reached to buy the cattle in Scotland, all of the 23 female lots to be offered by Elmcrest were considered to be a part of the permanent breeding herd and not available to prospective buyers. Joining Elmcrest in this sale to make up a total of 52 lots are six other Central Illinois breeders whose herds are recognized for the production of top individuals. Those who are familiar with the industry are aware that some of the best sires in this leading Shorthorn state have been and are being used in the herds of the seven breeders who have provided this fine offering. I have inspected all of the animals selling in this sale and am glad to recommend them to careful buyers.

—Hal Longley of The Shorthorn World

You'll find quality, character and good breeding at Elmcrest Farms

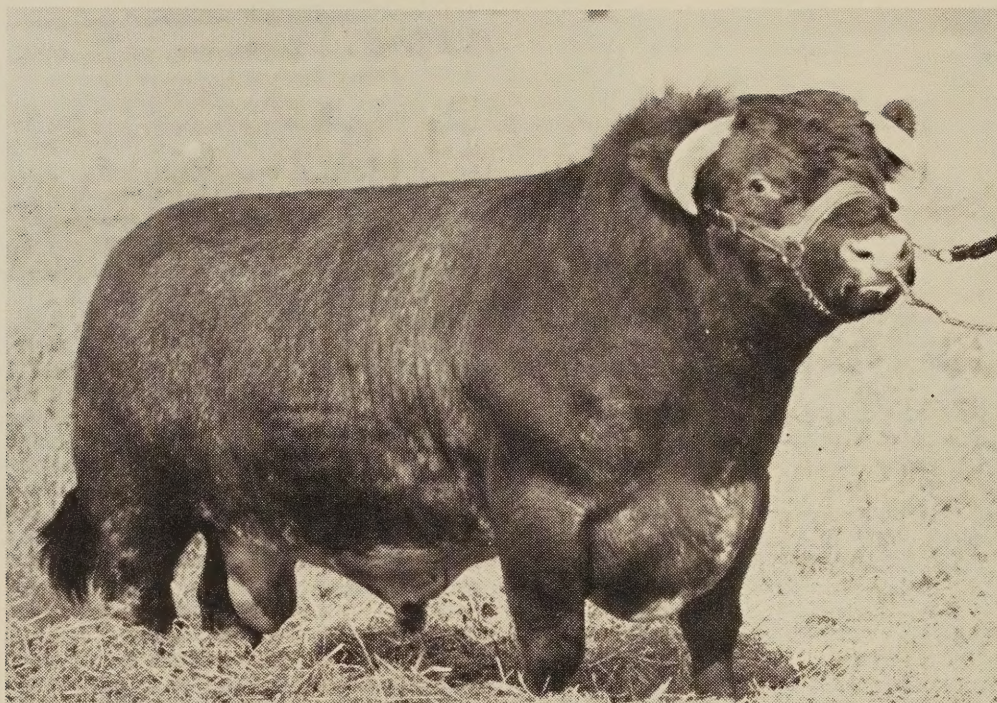

It is always a pleasure to invite Shorthorn cattle lovers to Elmcrest Farms. This year our marketing program is somewhat changed due to the need for room and we are selling a good many females that we considered permanent fixtures in the Elmcrest breeding herd. When Les Mathers invited me to join him on a trip to the Perth Sale and a tour of Scottish herds, I accepted eagerly and made plans to do considerable buying while in the company of this noted Shorthorn expert. My purchases in Scotland numbered nearly 30 head and included sons and daughters of world famous sires.

The purpose of this auction is to make room for the newcomers from Scotland. We will sell 28 lots and we feel that they are an exceptionally fine group.

To bring the total number up to 52 lots I have invited some of my neighbor breeders from Central Illinois to consign to this sale and I am highly pleased with the kind they have supplied. All are men of high standing in the industry whose herds are headed by sires of exceptional merit.

It is my hope that you will attend this sale and with my associates I bid you a cordial welcome.

DR. ARTHUR H. WEILAND,
Owner, Elmcrest Farms

Kelburn Banker Royal—After winning grand championship at the 1947 International Livestock Exposition this great son of Imp. Mount Banker was purchased in partnership by Dr. Weiland and Black and Miller for service in the two great herds at Elmerest Farms and LoMar Farms. His first crop of calves vindicated the judgment of the buyers and subsequent crops have proved even more conclusively that Kelburn Banker Royal is truly a great sire. Few bulls can match his ability for imparting thickness, smoothness, modern type and breed character into his calves. A full show herd made up of his sons and daughters was exhibited in 1951 and the climax of the season was the winning of the junior get-of-sire award at the National Shorthorn Show in Memphis. Nearly all of his female calves have been retained up to the present time and this will be the first opportunity to acquire them in numbers.

Phopachy Huntsman—It was not easy to find a bull to mate with the daughters of Kelburn Banker Royal and work further improvement. We were fortunate because Imp. Phopachy Huntsman has proved equal to the task. We were impressed with him as an individual and we learned from actual observation in Scotland that a combination of the blood of Kirkton Baronet and Glastullich Fortress was the best they had to offer. The calves by Imp. Phopachy Huntsman will be on display on sale day and we believe you will agree with us that they approach perfection. Three cows in the sale will sell with his calves at foot and 13 other females will carry his service.

Elmcrest Royal Banker—A bull we never intended to sell. He is the best bull we have ever produced at Elmcrest Farms. He won many firsts and championships at 1951 shows including the grand championship at the Missouri State Fair and he was a member of the first prize junior get-of-sire group at the National Shorthorn Show in Memphis. We returned him to the breeding herd late in 1951 and can now show a wonderful group of calves and yearlings as convincing evidence of his ability as a sire. Since we now have Phopachy Huntsman and a large number of other imported bull calves, we feel that his use would be too limited at Elmcrest Farm. Six heifers and one bull by Elmcrest Royal Banker are included in this sale and they will provide perfect proof that he is one of the best proven sires that has been offered in many a day.

Elmcrest Royal Leopold, a first prize winner at the 1951 Missouri State Fair. Two females in this sale are by this son of the International grand champion, Kelburn Banker Royal.

Primrose 15th—A very attractive daughter of Leveldale Pirate, he by Glassingall Research and out of the twice International grand champion, Divide Patience 51st. You will like this heifer and she is in calf since June 21, 1953, to Imp. Phopachy Huntsman.

This picture shows the kind that are produced in the J. E. Klokkenga herd. All were sired by Leveldale Pirate. Mr. Klokkenga is selling three daughters of Leveldale Pirate in this sale.

The two females shown on this page are typical daughters of Leveldale Pirate produced in the Klokkenga herd. At the right is Jealousy 10th now owned by Charles Sievers, New Douglas, Illinois. Below is Alexandrina A 5th, a replacement heifer in the Klokkenga herd.

Congratulations to Bonigail Bivin! Her first prize summer yearling steer in the junior show at the 1952 International was a son of Leveldale Pirate and came from the Klokkenga herd. This steer placed third in the open class which contained the grand champion over all breeds. Bonigail's steer brought 55¢ a pound. Her dam and the dam of Lot 35 were full sisters.

2. All bulls are guaranteed breeders, provided they are not allowed to serve when under 14 months of age, or allowed to run with the herd when under 20 months of age. In case of failure of a bull to be a breeder notice shall be given to the seller within six months of date of purchase, or by the time the bull is 20 months of age, if purchased under 14 months of age.
3. With the exception of heifers sold under 14 months of age, all females are guaranteed breeders. Heifers under two years of age shall not be served by a heavy or old bull. The expense of freight in such case is to be paid by the seller. If the animal is then proved to be a breeder beyond doubt it shall be returned to the purchaser at his expense. In case of dispute the return of the full purchase price, without interest, to the buyer will be considered full settlement and satisfaction of all claims. No charge for feed or maintenance shall be made by either buyer or seller. Salvage shall go to the seller. It shall be understood that the same guarantee given for the first animal shall likewise apply to any animal later substituted.
5. All animals are sold to comply with the laws regulating Tuberculosis and Bang's disease of the state or country into which they may be shipped.
6. Certificates of registry and transfers will be furnished with each animal sold. A signed pedigree application for calves at foot and unborn calves will be furnished with bred females, showing names and record numbers of sire and dam, as well as service date.
7. Shipment will be made as soon as possible after the close of the sale, but at purchaser's risk of loss or injury after animal is bid off.
